PROFESSIONAL SUMMARY

Agricultural Production Technician graduated from Escuela Agrotécnica Salesiana Del Valle with university studies in Agricultural Sciences and specialization in agricultural technologies (AgTech). Expert in optimizing and digitalizing field processes using drones, 3D modeling, and rural telemetry. Passionate about modernizing agricultural operations on the ground.

CORE COMPETENCIES

Drone Mapping

3D Printing (Hellbot Magna)

Crop Rotation

Animal Nutrition

Artificial Insemination

Databases (SQL)

Automation Workflows (n8n)

LANGUAGES & TECHNOLOGIES

AgTech Technology: Drone Mapping 3D Spare Parts Modeling (Blender) 3D Printing (Hellbot Magna)
Agricultural Management: Crop Rotation Integrated Pest Management (IPM) Good Agricultural Practices (GAP)
Livestock Management: Animal Nutrition Artificial Insemination Precision Livestock Management
Digital Tools: Databases (SQL) Automation Workflows (n8n) Offline-First Apps

WORK EXPERIENCE

Arbizu Labs, Remote March 2022 - Present

MOBILE DEVELOPER & PRODUCT OWNER AGTECH (FREELANCE)

- Designed and developed the prototype of the AgroMarket Pro AgriTech platform, implementing FLIR thermographic simulation for silobolsas on an interactive canvas.
- Collaborated on the conceptual design and logistical analysis for coordinating shared grain logistics among neighboring growers.
- Designed functional prototypes for rural environmental monitoring, integrating telemetry curves for soil moisture and temperature.
- Designed in Blender and 3D-printed custom mechanical spare parts for agricultural machinery, resolving issues with unavailable parts.
- Developed mobile application prototypes with SQLite local databases, guaranteeing 100% operational uptime in rural areas with zero connectivity.

Maipú Seguridad, Bolívar, Argentina January 2025 - May 2026

SECURITY GUARD & WATCHMAN

- Conducted access control and periodic physical inspections across 2 corporate facilities, managing the secure registration of over 60 weekly entries.
- Coordinated the daily operational security incident report sent to the operations management team.

Comité & Juventud Radical La Plata, La Plata, Argentina 2015 - 2019

Social Assistance Project Coordinator

- Led volunteer teams and coordinated logistical campaigns for distributing social assistance to local soup kitchens and NGOs.
